**REMARKS**Allowable Subject Matter

Applicants acknowledge with thanks the Examiner's statement on page 3 of this Office Action that "Claims 1-15 and 43-79 are allowed."

Claim Objections

The Office Action at page 2 objects to claims 28 and 29 stating:

Claims 28 and 29 are objected to because of the following informalities:

Please verify the dependency of claims 28 and 29.

Applicants have amended claims 28 and 29 to depend from claim 27.

Examiner Interview of February 23, 2006

In the telephone conference of February 23, 2006, Examiner Hong agreed that amending independent claims 16 and 31 to include limitations similar to those limitations in claim 1 would place all claims in condition for allowance. In accordance with that agreement, Applicants have amended claims 16 and 31. Specifically, Applicants have amended claims 16 and 31 by inserting the phrase ", such that at least one party to said call is enabled to receive said context of said call" after the phrase "identifying a context for said call from said plurality of context clues." Claims 1-79 are therefore in a condition for allowance. Applicants respectfully request the allowance of claims 1-79.
